<b>comm: Meaning of community</b>
-----------------------------------

[cyan]Now I am going to ask you some questions about your community.

First, people often refer to the community in which they live and work. However, the idea of community may mean different things to different people. When you refer to your community, what [yellow]geographic area[cyan] best describes what you mean?

[green] INVR Note: We want to know "geographic" area best describes what they consider their community. If they will not define community in geographic terms, select do not know.

[white]<1> Your local neighborhood  
 <2> Your village/town/city  
 <3> Your county/borough  
 <4> Your region of NYS (Adirondacks, Central NY, Western NY, etc.)  
 <5> Some other geographic region (please describe) [specify]  
 <6> The idea of "community" has no meaning to me [goto nysimp]
